DEPARTMENT OF HEALTH

1. Purpose of this Document.

The purpose of this addendum is to introduce code and adjudication rules for the Bundled Reimbursement for Therapeutic Apheresis.

2. Effective Date:

19 January 2026

3. Service Codes:

Code	Short Code Description	Long Code Description
53-10	Bundled Reimbursement for Therapeutic Apheresis	Bundled Reimbursement for Therapeutic Apheresis, includes all services, drugs, blood products, supplies and any other consumables used during the apheresis procedure

4. Claims and Adjudication Rules

- The above SRVC code shall be reported using 5 = Daycase Bed + No emergency room.
- Pre-authorization is required at the start of the bundle for the above code.
- Apheresis procedures reported using the following CPT codes 36511, 36512, 36513, 36514 and 36516 shall be billed using the above SRVC code regardless of the number of blood products used. Apheresis procedures performed as part of the Casgevy Treatment are excluded from this rule.
- For regular blood transfusion procedures provided in a daycare setting, the claims shall be billed using the IR-DRG system.
- The bundled reimbursement includes all services, drugs, blood products, supplies and any other consumables used during the apheresis procedure and separate reimbursement shall not be allowed.
- Providers are required to report all activities as line items but keeping charges at a value of zero as a prerequisite for reimbursement.
